**MOBILE BANKING.** If you're a customer of Private Bank of Buckhead, it's time to whip out your iPhone or iPad 2.

Private Bank of Buckhead's customers now can make a deposit from their phones, using the bank's new PB Mobile Deposit app. The app, which is free to download, currently can only be used on Apple Inc. iPhones and iPads, but the bank plans to make the app available for BlackBerry phones and Android phones.

The app, which was developed by San Diego-based **Mitek Systems Inc.**, is available to Private Bank of Buckhead customers who make deposits at home or at work by using a bank-supplied scanner.
