

REMOTE DEPOSIT

OFFERED BY PRIVATE BANK OF BUCKHEAD

What is Remote Deposit?

Private Bank of Buckhead is thrilled to offer Remote Deposit to our commercial clients. Instead of physically delivering deposits to the bank or using a courier, each check is scanned and submitted to the Bank via an electronic file from your own office. As long as the deposit is made by 5:00pm, the items will be credited the same business day. Enjoy simplified reconciliation with the convenient and secure Remote Deposit.
